

ACADEMIC RESOURCES FOR SOPHOMORE YEAR

First of all, congratulations on successfully completing your freshman year! It's a big milestone, and I hope you made the most of your journey so far. A hearty congratulations once again!

Many of you might have achieved the CG you expected, and for those who didn't—don't worry. BITS Pilani is an uncharted journey filled with countless opportunities. Remember, your CGPA is just one aspect; the experience, the learning, and the growth you gain here will always provide you with the leap you need—no matter what.

As you step into your second year, you'll find a large number of opportunities opening up, including HUELS, DELS, and minors to shape your career. There will also be plenty of drives—branch-wise and institute-wide—that can set you up for future success.

Wishing you all the very best for your second year and beyond! 🌟
